

ADP 2050 FAST

The ADP 2050 FAST is an integration machine for industrial marking. Lightweight, fast and small in size, it is suitable for integration into production lines. Its marking area is 20x50 mm.

TECHNICAL DATA

Machine dimensions: WxDxH (mm)	107x62x146
Head weight (kg)	1,6
Marking area (mm)	20x50
Punch dimensions (mm/degrees)	Ø3 - 45° angle
Marking materials	Plastics, metals, painted
Standard operating pressure (bar)	4 ÷6
Filtered air	Yes

AC500+ SOFTWARE

ADP 2050 FAST is controlled by our dedicated AC500+ software.

ADVANTAGES

- Reliable and fast machine
- Reduced dimensions
- Low weight
- Fast marking machine on metal, plastic, painted materials
- Circular connector for easy assembly and disassembly
- Extremely easy integration due to small dimensions
